Below are complete letters or excerpts from letters for clients we have had the privilege to work with and to help guide through the Medicaid/Medicare process.

Dear Elaine and Team,

Thank you for your lovely greetings. Each time I get an email from you I am reminded of how grateful I am for your services on behalf of my cousin Paul and his wife Angelique. God has given you tremendous gifts in organizing, navigating, and connecting with people in need and you all use them so beautifully. I wonder if you know how many lives you have touched and made better by sharing your gifts? Let me take this time at Christmas to remind you of how wonderful you are.

Just an update on Paul. Right after Christmas, he will be moving into the Golden Age housing in Bethpage where he can comfortably stay for his remaining years of independent living. He continues his job at the Hicksville postal garage and is thriving well. He visits his wife Angelique pretty regularly at her care center and they call each other daily.

All of this is due to you and your team's efforts on his behalf. Being so far away from him in South Dakota, I rely **so** much on others and God has not failed in sending so many people to help me navigate Paul's security as my deceased Aunt and Uncle would have wanted for him. Just recently- again through your connections- I was able to hire Karen to serve as attorney for the closing papers of the Golden Age co-op and will be calling on Marianne to help Paul make a will now that he owns this property.

None of this would have happened without you Elaine! I have prayed so many times for God to send help and you and Gerald were heaven sent. I am so very sorry for the loss of this kind, sweet, smart, and caring gentleman as I know you are but I thought you should know that I truly have felt his intervention in this latest chapter of Paul's life. The loss of he and Arthur (another blessing you sent) was truly heart wrenching but I have felt them both strongly as I navigated this process and I have to let you know what a difference you make in this world Elaine.
